Again sponsored by St. Cross Electronics, in 2014 our main Championship will feature 14 races at the best circuits in the UK. Races in the prestigious St. Cross Electronics Mono Championship will be run on behalf of Monoposto by leading race organisers MSVR and the BARC.

At the end of the main season there will be new short Autumn Championship; the Tiedeman Trophy, which provides extra races at the best value possible value.

In addition major non-championship events give even more flavour to a fantastic year. Monoposto plans to again make our famous visit to the Spa Summer Classic at the legendary Spa Francorchamps circuit, where competitors enjoy 100 minutes of track time, with 2 qualifying sessions and 2 non-Championship races spread over 3 days, based in the comfort of the F1 pits.

Additional non-championship events will be at the only car race meeting in 2014 at Mallory Park, plus a low cost quad header at Brands Hatch Indy.

Monoposto awards & rewards

Grand Prix style...every Monoposto event recognises successful competitors at our very popular post-race Awards Presentations. Awards go to the first three in every class, making plenty of silverware to take away.

Each Mono Championship grid also enjoys Driver of the Day awards, often won by hard-trying competitors who have overcome real problems on the way to an outstanding performance.

Look out too for the prestigious Ray Dackombe Memorial Trophy, won each year by the best driver at the highest profile Monoposto event.

The Annual Awards Dinner is a glittering opportunity to celebrate the season's successes, and to look forward to next year.

2013 SUNBAC Nova Champion
Daryl Jones

The SUNBAC Nova Awards go to the two most successful novice drivers over the year, competing in any class of the St Cross Electronics Mono Championship.

The Winner gets four free race entries - worth over £700 - and the Runner Up receives two free race entries.

Race days

Championship weekends are “Twin Headers” at two day events.

A Twin Header means that each day is a separate event, with its own qualifying sessions and races.

Single day-events are run as Double Headers with one qualifying session and two races all on the same day.

At Championship events the large Monoposto entry is usually divided by class into two grids, so there is plenty of track action.

At each venue Monoposto has an allocated paddock area, which includes the Monoposto Race Centre providing tea, cakes, help & advice, information, and results. Monoposto Racing Club works closely with our race organising partners to ensure our Members get maximum value and enjoyment from their racing.

Driving Standards: Good racing should be safe, fast and competitive, with drivers respecting their competitors and giving them space when it's needed. Monoposto benefits from a regular MSVR Clerk of the Course, who works closely with the Mono Championship Co-ordinator to ensure everyone stays within the rules, and enjoys their racing as safely as possible.

Eligibility: Similarly it's very important that cars do comply with the Regulations. The Eligibility Scrutineer works to ensure a level playing field, and he is also able to advise and guide drivers & teams so that they can avoid problems. Sporting and Technical Regulations for both the Club's Championships can be downloaded from www.monoposto.co.uk, or obtained by post from the Monoposto Championship Co-ordinator.

Monoposto: organisation & registration

Monoposto Racing Club

Monoposto Racing Club was established more than 50 years ago by single seater legend Frank Tiedeman, who sadly passed away in 2013. A new low cost Autumn Monoposto Championship has been launched in 2014 in his memory - the Tiedeman Trophy.

MRC is constituted as a Community Amateur Sports Club. The Club spends approximately £200,000 annually, buying track time on behalf of its Members.

The Club is responsible for controlling sporting, technical, financial and calendar matters of the St. Cross Electronics and Tiedeman Trophy Mono Championships, including entry arrangements for races. The Club is managed by a Board which is elected by the Membership.
