All cars will be noise tested in compliance with MSA GR [C(b)23] prior to being released onto the circuit. Not withstanding compliance with championship eligibility regulations, no car exceeding 108dBA static noise test will be allowed on track.
9. Qualifying: Qualifying will take place as per the published timetable. It is the Drivers responsibility to be ready at least 20 minutes before their timetabled session. Scrutineering labels must be affixed to the vehicle and clearly displayed before it is allowed onto the track. Drivers should go to the assembly area 20 minutes before published times and then when directed by the marshals they should proceed onto the circuit.
10. Race Start Procedure: All start procedures will be in accordance with the Championship/Series regulations. It is the competitors responsibility to ensure that they are ready in good time. Under ideal conditions the racing programme may be brought forward. Grids will be formed as per Championship/series Regulations and the terms of the Circuit Licence.

Standing Start – Vehicles will be released on to the circuit from the assembly area onto the grid then the marshals will direct you to the correct grid position. Once all drivers are stationary there will be a one minute countdown; 30 second board and then the cars will be flagged away for the green flag formation lap. Once this lap has been completed and vehicles are stationary the 5 second board will be shown and then the red lights will be displayed, at some time between 4 and 10 seconds the red lights will switch off – signalling the start of the race. NOTE: There will be no green light.

Rolling starts – for races with rolling starts, all cars to form up on the grid in an inline 2x2 configuration. The formation lap will be controlled by a pace car.

Irrespective of starting procedure, excessive weaving to warm up tyres - using more than 50% of the track width and falling back in order to accelerate and practice starts - is prohibited on the green flag formation lap.

SAFETY CAR, Q1.1 appendix 2: for all practice, qualifying, and races safety car intervention could be utilised on the orders of the Clerk of Course, it is essential that all competitors are fully conversant with these regulation (page 278 + 279 in the MSA year book) If in doubt please ask for help.

11. End of Track Session Procedure: At the end of each track session be it qualifying or the actual race, all vehicles must slow down after taking the chequered flag and leave the circuit as directed by officials. At the end of your race, presentations will be carried out in accordance with championship/series regulations if time permits. Please follow instructions of race marshals etc. In the case where the presentation does not take place immediately after the race, competitors should report to the Race Secretary's office or see their Championship Co-ordinator. In all cases Parc Fermé conditions apply until you are released by the Scrutineers.
12. Race Day Information: The organisers will try to run the programme as published, but they reserve the right to delay or bring forward event times to suit the conditions of the day. Copies of practice times, grid sheets, provisional results & official bulletins etc will be available in the member centre. Power and timing monitor points are installed along the pit wall.
